Buddies For Health

Program Overview

Give the gift of a Buddy to a special recipient at Children’s Hospital with this hands-on, engaging, creative, and collaborative team building program. Vision and creativity are the keys to success! Our master facilitators lead your team through a series of fast-paced strategic activities that earn team buddy supplies. The result is the gift of a cuddling, soft, stuffed animal with a customized t-shirt and heartfelt message for donation to the local Children’s Hospital.

Strategic Team Challenges

Teams engage in 3-5 intensely collaborative ‘active’ problem-solving challenges that require strategic thinking and effective communication.

Buddies for Health in Action

Sounds easy? Guess again! Teams must successfully complete each strategic challenge to earn additional supplies for each team member Buddy: Unstuffed Buddy; Stuffing; T-Shirt; Decorations; Greeting Card Supplies; and Special Touch Gifts.

Creativity and Packaging

Each team member will have his or her very own Buddy to stuff and personalize. A variety of Buddy animals will provide a full range of wildlife adventures: Lions, Tigers, Bears, Dolphins, Penguins, Dogs, etc. Team members will customize their t-shirts and create a heartfelt message which is sure to inspire your recipient child.

Making a Difference

We all want to make a difference and touch the lives of those in need and this program does just that! Hundreds of children are admitted to the local Children’s Hospital each year. Some examples of how the Buddies are delivered to the kids: A child that just came out of a difficult surgery; a child waiting for a surgery; a child that was just admitted and will be in the hospital for awhile; a child that visits the hospital on a regular basis for transfusions or treatments; etc. Whatever the case may be – you can bet that the special touches by your team will bring a smile to a child in need of some love, support, and special caring. Give the Gift of a Buddy from your team!
