Children’s Hospital Backpacks For Health

Program Overview

Corporate Teams delivers an engaging, fun, and fast-moving team building program that keeps teams on their toes. Collaboration is key to success! Our master facilitators manage your team through a series of objectives that result in the gift of a backpack for a patient in need at the Children’s Hospital.

Strategic Team Challenges

Teams engage in 3-5 intensely collaborative ‘active’ problem-solving challenges that require strategic thinking and effective communications.

Backpack Building

Sounds easy? Guess again! Teams must successfully complete each Strategic Team Challenge to ‘earn’ supplies for the backpacks.

Creativity & Packaging

Each team will be supplied with lots of fun decorations and supplies to package the backpacks. Team members will have the names of their recipients so each backpack is personalized with a heartfelt ‘get well’ card.

Corporate Teams will deliver all the backpacks on behalf of your company. Make a BIG difference in the life of a child challenged by illness. Your gift of heart will provide support to both the child recipient and the families.

What Makes Corporate Teams Your Choice of Provider?

Strategic Team Challenges

Corporate Teams does not use simple trivia or puzzles to keep teams busy. Our challenges are complex problem-solving activities that require full engagement by all team members.

Master Facilitation Team

We provide a ratio of one facilitator to every 4-6 teams to ensure a seamless program delivery start to finish. Each team knows their 'personal facilitator' throughout the entire teambuilding program.

Program Management

There is a lot of work that goes into preparing for this type of program. Corporate Teams handles everything behind the scenes: coordination with the recipient organization; management of logistics with the meeting venue; shipping/tracking of all equipment and supplies. All you have to do is get the team to the meeting space!
