

"The Corporate Teams program was an experience I will not soon forget! We found ourselves revisiting the principles that got us where we are today - but just forgot along the way."

-NCRU

Garden of Greens

Program Overview

Give the gift of GREEN in this hands-on, engaging, and collaborative team building program. Vision, creativity, and digging into action are the keys to success! Our master facilitators lead your team through a series of strategic activities that earn team garden supplies. The result is the gift of a beautiful decorative planter filled with an array of house plants for donation to a local senior home or center.

Strategic Team Challenges

Teams engage in 3-5 intensely collaborative 'active' problem-solving challenges that require quick strategic thinking and effective communication.

Gift of Green Garden Building

Sounds easy? Guess again! Teams must successfully complete each strategic challenge to earn another piece of the garden: planter, tools, dirt, greens, flowers, and decorations!

Creativity & Packaging

Team members will design, build, and create their garden. Each team will be supplied with supplies to decorate their planters and put those special touches into the garden. A customized and heartfelt greeting card designed by the team will inspire your special recipient.

Making a Difference

We all want to make a difference and touch the lives of those in need and this program does just that! All the Garden of Greens planters will be delivered on your behalf to a local senior center or assisted living organization as a gift for this wise and special group of individuals.

Ideal Environment:

- Corporate Meetings
- Retreats/Annual Kick-Off Meeting
- National/Regional Meetings
- Team/Corporate Restructuring

Team Size:

10 – 1000

Space Requirements:

Indoors or Outdoors

Timeframe:

1 hour – 3 hours

- Dependent on 'Types of Collaborative Team Challenges' Included

Physical Challenge:

Low

What Makes Corporate Teams Your Choice of Provider?

Strategic Team Challenges

Corporate Teams does not use simple trivia or puzzles to keep teams busy. Our challenges are complex problem-solving activities that require full engagement by all team members.

Master Facilitation Team

We provide a ratio of one facilitator to every 4-6 teams to ensure a seamless program delivery start to finish. Each team knows their 'personal facilitator' throughout the entire teambuilding program.

Program Management

There is a lot of work that goes into preparing for this type of program. Corporate Teams handles everything behind the scenes: coordination with the recipient organization; management of logistics with the meeting venue; shipping/tracking of all equipment and supplies. All you have to do is get the team to the meeting space!

Meaningful Teambuilding Experience

Corporate Teams commits to combining a meaningful and relevant teambuilding program with community giving.

Garden of Greens Team Benefits:

- Builds teamwork while giving back to Senior Centers and Assisted Living Communities.
- Develops team problem-solving skills through a series of experiential, collaborative, fast-paced, and innovative team challenges
- Engages team spirit and builds trust among team members
- Rewards the team for successful teamwork
- Provides team members the opportunity to participate in servant leadership
- Inspires the team to work together and to have fun!
