Shoes for Children

Program Overview

Corporate Teams will deliver an engaging, fun, and fast-moving team building program to your company that keeps teams on their toes while also giving back to your community and helping the needy in remote areas of the world. All this while your employees bond with one another and have a great time! This fast-moving charitable team building event starts with blank, white, canvas shoes from Tom’s Shoes. Through a series of complex, strategic and highly collaborative challenges the teams earn paints, stencils, fabric crayons, markers and other items to decorate the shoes for the recipient children from a local charity.

Creativity & Packaging

Each team member will have his or her very own pair of shoes to decorate and personalize. A variety of decorative supplies ensure maximum creativity among teams. Team members can also create a heartfelt message, sure to inspire their recipient child.

Making a Difference – Why Shoes?

We all want to make a difference and touch the lives of those in need and this program does just that! Thousands of children are challenged with insufficient footwear, both in the U.S. and in third world countries. In many developing countries, children must walk barefoot for miles to school, clean water and medical help. Hundreds of millions of children are at risk of injury, infection and soil-transmitted diseases that most don’t have access to prevent or treat. Children who are healthy are more likely to be successful students, and access to education is a critical determinant of long-term success. Healthy, educated children have a better chance of improving the future of their entire community.
