Training Wheels For Kids

Program Overview

Corporate Teams delivers an engaging, fun, and fast-moving team building program that keeps teams on their toes. Collaboration is key to success! Our master facilitators manage your team through a series of objectives that result in the gift of a bicycle with training wheels for a child in need.

Strategic Team Challenges

Teams engage in 3-5 intensely collaborative ‘active’ problem-solving challenges that require strategic thinking and effective communications.

Training Wheels Bike Building

Sounds easy? Guess again! Teams must successfully complete each Strategic Team Challenge to ‘earn’ parts for the bicycles.

Creativity & Packaging

Remember that the ‘best looking package’ is usually selected first! Each team will be supplied with lots of fun decorations to package the bicycles. A customized and heartfelt greeting card designed by the team will inspire your recipient child.

The BIG Surprise!

Participants will think the bicycles are being delivered to the children later after the program. Instead, behind the scenes, the recipient children will be brought to the meeting venue to receive their bicycles. The kids do not know they are getting a new bicycle and the participants are unaware the kids will be on-site. What happens? Not a dry eye in the house as the two groups are brought together for the BIG surprise!

Ideal Environment:

- Corporate Meetings
- Retreats/Annual Kick-Off Meeting
- National/Regional Meetings
- Team/Corporate Restructuring

Team Size:

10 – 1000

Space Requirements:

Indoors or Outdoors

Timeframe:

2 hours – 4 hours

- Dependent on ‘Types of Collaborative Team Challenges’ Included

Physical Challenge:

Low

What Makes Corporate Teams Your Choice of Provider?

Strategic Team Challenges

Corporate Teams does not use simple trivia or puzzles to keep teams busy. Our challenges are complex problem-solving activities that require full engagement by all team members.

Master Facilitation Team

We provide a ratio of one facilitator to every 4-6 teams to ensure a seamless program delivery start to finish. Each team knows their 'personal facilitator' throughout the entire teambuilding program.

Program Management

There is a lot of work that goes into preparing for this type of program. Corporate Teams handles everything behind the scenes: coordination with the recipient organization; management of logistics with the meeting venue; shipping/tracking of all equipment and supplies. All you have to do is get the team to the meeting space!

Meaningful Teambuilding Experience

Corporate Teams commits to combining a meaningful and relevant teambuilding program with community giving.

Training Wheels For Kids Team Benefits:

- Builds teamwork while giving back to kid's in need within the local community
