

“The Corporate Teams event was fun, interactive, and made the participants feel great individually and as a group by helping our wounded veterans.”

Wounded Warriors

Program Overview

Move your team into action and give back to our heroes, the wounded warriors of our armed forces, while enjoying an engaging, fun, and fast-moving team building program that keeps teams on their toes. Our master facilitators manage your team through a series of objectives that result in the gift of a care package of needed supplies for a recovering Veteran.

Wounded Warriors in Action

Teams engage in 3-5 intensely collaborative “active” problem-solving challenges that require strategic thinking and effective communications. Sounds easy? Guess again! Teams must successfully complete each strategic challenge to earn the next set of supplies for their packages. But that is not all that is required! Decorating and personalizing the packages are vital to success!

Making a Difference

We all want to make a difference and touch the lives of those in need and this program does just that! Returning to civilian life presents new opportunities as well as physical, emotional and psychological challenges for our wounded Veterans. Have your organization give back to our heroes, with the dual benefit of improving the performance of your teams, by scheduling a Wounded Warriors team-building event.

What Makes Corporate Teams Your Choice of Provider?

Strategic Team Challenges

Corporate Teams does not use simple trivia or puzzles to keep teams busy. Our challenges are complex problem-solving activities that require full engagement by all team members.

Master Facilitation Team

We provide a ratio of one facilitator to every 4-6 teams to ensure a seamless program delivery start to finish. Each team knows their 'personal facilitator' throughout the entire teambuilding program.

Program Management

There is a lot of work that goes into preparing for this type of program. Corporate Teams handles everything behind the scenes: coordination with the recipient organization; management of logistics with the meeting venue; shipping/tracking of all equipment and supplies. All you have to do is get the team to the meeting space!

Meaningful Teambuilding Experience

Corporate Teams commits to combining a meaningful and relevant teambuilding program with community giving.
