

“Lincoln Park Zoo provided a superb backdrop for the Scavenger Zoo Safari event. Our employees were totally consumed with solving the race challenges and trying to beat the competition. This was a great learning experience that included a lot of laughs.”

- Drafftcb

Lincoln Park Scavenger Zoo Safari

On the beautiful shores of Lake Michigan, the Lincoln Park Team Scavenger Challenge and Zoo Adventure Safari is a dynamic, competitive, strategic and intensely collaborative event. Combining our traditional Scavenger Hunt with our Zoo Adventure Safari this event will keep teams on the move as they navigate through Lincoln Park and the Zoo to solve a variety of challenges. Highly collaborative, intensely competitive, and the complexity of managing multiple challenges simultaneously is the key to maximizing performance revenues during the designated time period. The key to success is to recognize the strengths that all team members bring to the team; allocate expertise effectively; develop a big picture strategy; and manage a 'multi-tasking' challenge in a limited period of time.

Program Overview

Navigation

Teams will be supplied with backpacks; supplies; maps and materials to accomplish a variety of challenges. The entire time period will require team to travel to various points of interest in Lincoln Park and the Lincoln Park Zoo to locate; solve; and document challenges. It is up to the team on how they want to manage their time and what challenges they decide to pursue.

Strategic Adventure Activities

These are 'short collaborative events' that will require the team to think quickly! Strategy and effective execution are the keys to success. There will be a series of Strategic Adventure Activities at various points within Lincoln Park. The objective is to locate and successfully complete each of these activities.

Ideal Environment:

- Corporate Meetings
- Retreats/Annual Kick-Off Meeting
- National/Regional Meetings
- Team/Corporate Restructuring

Team Size:

- 10 – 500

Space Requirements:

- Outdoor

Timeframe:

- 1.5 hours – 4 hours

Clue Challenges

The team will be given a number of 'Clues' that will lead them to various points of interest. Team members must solve the clue, determine where the clue answer is located, travel to the clue locations, and take a team photo at the site.

Zoo Clue Challenges

Teams will be given a series of interesting facts that hold the key to the clues that must be solved to successfully locate the animal species in the Zoo. Teams will document their arrival to the site with a team photo.

Photo Challenge

Each team will be given a digital camera with a list of required photo challenges. The objective is to decipher what the challenge requires, be open to the 'periphery' to locate the photo challenge locations, and document their team at that location. It will require the ability to balance a 'big picture' approach with 'focused attention' on other simultaneous activities.

Logistics

Our commitment is to provide an experience for your team that tests the ability of team members to collaborate under the pressure of a fast paced competitive event. We are dedicated to integrating the specific team and leadership challenges and opportunities that your team currently faces into the overall event. Teams will walk away with thought provoking learning and actionable steps that will increase individual and team performance.

Outcomes & Objectives

- Team members learn what areas of the TEAM Balance Model 'energize' them during the problem-solving process
- Develops team management skills through a series of fast-paced Mission Challenges and Photo Challenges
- Engages team spirit and builds trust among team members
- Rewards the team for successful teamwork in a complex and engaging program
- Inspires the team to work collaboratively and to use resources wisely
