Ready, Set, Race!

Intensely collaborative, fast-paced, highly strategic and competitive, teams race to as many Amazing Adventure Race Scavenger Challenge locations as possible. There are too many to get to in the official race period. This is intentional. Teams must choose wisely.

It is not the fastest teams that earn the most points; it's the smartest teams!

First, teams must decipher the code that reveals the clue that will identify the race location. Once teams arrive to a Race Challenge location, they engage in a series of 5-10 active challenges that require team collaboration, innovation, and effective execution.

Amazing Race Challenges can be completed in any order. It is up to your team to determine the most efficient use of resources and to plot a course that will maximize the number of Amazing Race Challenges completed successfully. Teams that balance strategy and action while adapting to unexpected changes are the teams that excel as they race to the finish!
